Pizza and refreshments provided for attendees.

The American Association for Justice® (AAJ®), formerly the Association of Trial Lawyers of America (ATLA®), is the only national plaintiff lawyer association working as an advocate for trial lawyers on a broad range of issues, through lobbying, constitutional challenges through the courts, and by educating the public to promote a fair and effective civil justice system. The mission of the American Association for Justice is to promote a fair and effective justice system—and to support the work of attorneys in their efforts to ensure that any person who is injured by the misconduct or negligence of others can obtain justice in America's courtrooms, even when taking on the most powerful interests.
